Working time: 2 Hours

Who doesn't know the game "Mensch ärgere Dich nicht" (Don't worry about **Santa**)? Suited to the season, our 2nd winner **of the Christmas craft competition created a beautiful** Christmas **board "Santa ärgere Dich nicht" (Don't worry about Santa**).

The **rules of the game** are well known to everyone these days. If a six is rolled, you may enter the field with one of your pieces. One round is necessary to reach the target fields. The winner is the player who could place all four Game pieces of his pieces on the target fields. But be careful: If an opponent rolls a die in such a way that his figure lands on a field that is already occupied, the figure is thrown out and lands back on the starting field.

There you go:

Take a square board or saw a board of the right size. Now draw the fields with a Marker on the board and Handicraft paint paint the start and finish fields corresponding to your pieces

Afterwards the figures are formed from Modelling clay e.g. snowman, candy canes, Christmas tree and Christmas cap. Let your figures dry out Modelling clay well. After drying you can paint them as you wish. Alternatively you can also make the figures out of Fimo.

And here we go with the fun of playing!
