Raysin combined with casting resin and glass stones

Instructions No. 3064

Difficulty: Advanced

Working time: 1 hour 30 Minutes

With these instructions, you can cast fascinating decorations from Raysin, glass stones and casting resin. Each moulded piece becomes a unique work of art and attracts everyone's attention! We also think that the bowls make wonderful gifts - perhaps with a self-cast candle or soap?

Protect your workplace with a handicraft mat.

Stick candle holder with cold glaze and glass stones: Mix approx. 10 ml of casting resin in a measuring cup according to the instructions on the pack and pour it into the silicone mold. Add a few glass stones and

Stick candle holder or coaster with glass stones: Mix approx. 3 tablespoons of Raysin with water to form a creamy mixture. Add a few glass stones to the mixture and stir again vigorously. Pour the mixture into the silicone mold and tap it several times on the surface so that the air bubbles rise. After approx. 1 hour you can

some Alcohol Ink and leave to dry for approx. 12 hours. Mix approx. two tablespoons of Raysin with a little water to form a creamy mixture and fill the mold with it. Tap the mold lightly on the surface so that the air bubbles rise. Leave the casting to dry for a further 12 hours before carefully removing it from the mold.

carefully remove the casting from the mold. Moisten the sandpaper and sand the casting until the glass stones are clearly visible.

If your stick candle is too large in diameter, you can sharpen it with the candle sharpener. To hold the candle firmly in place, place an adhesive wax plate in the bottom of the mold.
