

# Accordion Angel

Instructions No. 2361

Difficulty: Beginner 

Working time: **3 Hours**

Crafting and decorating is always a great pleasure during the Christmas season. You can easily make our **accordion angel** in just a few steps and with very little material. This craft is also perfect for children. So you have individually crafted angels for your **Christmas tree**, as a gift or to add a personal touch to a present.

## This is how you fold the angels:

First cut your **papers** to size. For an angel you need paper cuttings of 14 x 14 cm and 6 x 6 cm.

Fold both pieces of paper so that they are folded at regular intervals like a **haromika** and the folds are well pressed. For the dress, fold the paper in the middle again and glue it together. Punch a hole in the top with the hole punch.

For the **wings**, punch the centre of the paper with the hole punch and glue the folds together in the centre with a little glue.

Now pull the perlon thread through the **dress** and knot it. Pull the wings on and glue them to the middle of the dress.

Now string the **beads** or the **wooden ball** one after the other and fix them with glue. Finally, tie a knot and use the rest of the thread as a hanger.

If you wish, you can paint a face on the angels with markers. We have chosen the classic simple version without a face for our angels.

## Must Have

### Vellum paper-set "Christmas" gold/silver

● **9,99 €** (1 m2 = 15,98 €)
