acrylic balls with motif straw silk

Instructions No. 2823

Difficulty: Beginner

Working time: 1 hour

In this tutorial, we will show you how to make decorative baubles using acrylic baubles, dividers and motif straw silk. These can be beautifully hung and decorate your home. Also nice to give as a gift.

Design acrylic balls with motif straw silk

Place an acrylic separating disc on the desired straw vine motif and trace the circle with a pencil.

Cut out the motif and stick it onto the separating disc with napkin varnish/decoupage glue.

Repeat this on the other side of the cutting disc if you want the motif to be visible from both sides.

When dry, position the separating disc between two acrylic sphere halves and close. Attach a ribbon to the hanging loop for hanging.
