Acrylic egg rooster and chicken

Instructions No. 1696

Difficulty: Beginner

The cheerfully cheekily designed pair of rooster and chicken are pretty light objects that create a good mood in every home during the Easter season. Find out here how easy they can be made.

Handicraft instructions for 1 light cock or hen

DecorativeStraw silk paper

Tear off white and yellow Straw silk paper into little pieces. Spread the egg from the inside with **Napkin varnish**. Cover the coated surface piece by piece with the pieces. The best way to do this is to pick up the pieces with a damp brush Napkin varnish and then paint over them with the varnish. Once the Acrylic-egg is completely covered inside, let it dry.

Acrylic-Egg with light chain

Remove the suspension eyelet of the scoring Acrylic-Ice:system. Carefully score the eyelet directly on the egg with a cutter knife and then pinch it off with pliers. Remove any excess with the cutter Paper knife, even in the predrilled hole of the egg. Insert Acrylic-Ice.the light chain through the hole into the egg and put both halves of the egg

together.

The egg becomes a chicken (or rooster)

Glue white oval foam rubber forms as eyes on the acrylic chicken (or cock), position a wobble eye on each. Cut from the orange Foam sheets the comb, the beak and the feet. These are fixed to the egg Acrylic-with hot glue. Cut the wings out of the Straw silk paper egg and glue them on afterwards as well.

Easter light object with cock and chicken

Form a nest out of decorations-Willow , put the rooster and the chicken in each nest and arrange everything with little yellow chicks, decorative eggs or other accessories to the new Easter decoration.
