Advent Calendar Winter Forest

Instructions No. 2314

Difficulty: Beginner

Working time: 6 Hours

A homemade **Advent calendar** like this makes everyone happy! Under each tree made of different papers is a clay pot as a tree trunk, in which there are **little surprises.** The numbered branch discs let you know exactly which tree you can open on which day. The calendar can be filled according to the wishes and tastes of the recipient. The c**ute clay pot forest** can be used again every year and is a great eye-catcher in your home.

Download the **templates** and transfer them to the different papers you have chosen. Cut out two identical trees per pot and a circle to match the top diameter of the pot.

Glue two matching trees to the top of each bamboo skewer. Then shorten the skewer to the desired length.

Stick a **spool** in the middle of each cardboard circle and stick a tree inside. The best way to do this is with craft glue.

Decorate the circle with **Iceland moss** using hot glue.

Paint the top edges of the **clay pots** with Stardust Gold.

Burn the numbers 1-24 onto the **branch discs** with the **branding iron** and then glue the discs to the pots with hot glue.

The pots can now be filled as desired and the trees placed on top as "lids".

You can now decorate the Advent calendar additionally with **forest animals** between the pots.
