Platz-Set im Retro-Look

Instructions No. 344

Difficulty: Advanced

Working time: 30 Minutes

A stable Rattan cane-floor and an extraordinary Napkin - the two enter into a refined partnership in this handicraft work. The result is a great place set for the garden, which gets the final touch through the crocheted border.

It's that simple:

Cut the Napkin so that it fits **with an edge of about 5 mm in the middle of** the Rattan cane-floor. **Remove** the two unprinted layers and use UHU**superglue to glue the** printed layer on the surface. Then seal **the glued Napkin with Napkin varnish.** After drying, paint the uncovered edge with the **azure blue** paint.

Now **thread** the Jute yarn **through the holes and crochet with a crochet hook size 5.** At the end crochet the bows from 6 air stitches in each 4th preliminary round, so that as a final step the ends of the threads are knotted.
