Autumn children

Instructions No. 2839

Difficulty: Beginner

Working time: 1 hour

Autumn is a beautiful time of year when the leaves slowly change colour and great decorations can be made in the colours orange, green and brown. With our **autumn children** made of wood in combination with our VBS craft paint set, an atmospheric decoration moves into your four walls.

This is how you create the fall scene:

Paint the **autumn children** with **VBS craft paints**. We have chosen the VBS "Colorful Autumn" craft paint set, as it contains a perfect combination of colors for beautiful autumn decorations. **Tip:** The dots can be printed on with the end of a paintbrush.

Stick two **tree slices** together at an angle. The autumn children can now be arranged with a **straw wheelbarrow, bale of straw, moss, sprinkles** and **garden tools** and glued to the tree discs with hot glue.
