Balm made from beeswax pastilles

Instructions No. 2003

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Natural cosmetics do not always have to be bought expensively at the drugstore. This balm was made from pure beeswax pastilles, shea butter and argan oil itself. Afterwards the balsam was packed in small screw-glasses. The beautifully packed glasses are also perfect as a small souvenir or as a gift idea.

Ingredients for about 50 g beeswax balm (2 screw-top jars):

-50 g pure white pastilles Beeswax
-90 g shea butter
-a few drops of argan oil

There you go:

Melt the **Beeswax** and the **shea butter** carefully in the melting pot. Stir occasionally so that everything mixes well. Once the wax and shea butter are completely melted, place the melting pot on one and Coaster **add** a few drops of argan oil. Let the mixture cool down completely and solidify. Cover the whole thing and let it **stand** in a cool, dark

place for 24 to **48 hours**

Afterwards the solidified beeswax balm is melted again **on a** low flame. As soon as the mass is completely liquid, you can take the pot stove from and **pour** it through a sieve into the screw glasses. The screw glass should remain open until the balm has a firm consistency again. Now the jar can be closed tightly and ideally stored in a cool place away from light

The balsam has a fairly firm consistency, but in combination with warm water it Skin melts quickly, spreads well and is easily absorbed

Decorate:

Fix **double-sided Adhesive tape**on the lids and wrap them completely with the jute cord**.** Cut **white cardboard** circles and stamp them with silicone stamps as desired**.** From **Kraft paper** cut out slightly larger circles and shade the edges with the **Ink Pads**. The circles are then glued onto the lids.

Must Have

100% pure white beeswax pastilles, 200 g

Fill volume: 200 g
Food safe
Material: Wax

13,59 € (1 kg = 67,95 €)
~~RRP 14,49 €~~
