# Beton-Anhänger für weihnachtliche Geschenktüten

**Instructions No. 1535**

Difficulty: Beginner

Working time: 40 Minutes

Christmas is getting closer and closer and slowly the planning for gifts to the loved ones begins. Most gifts under the Christmas tree often seem unimaginative - but in this **crafting guide** we'll show you how to create these great **concrete gift tags in** no time at all, turning your gifts into real eye-catchers.

And the concrete trailers are created so easily:

For the pretty concrete trailers, first mix the concrete according to the **instructions** on the packaging. The consistency should be somewhat firmer to prevent the relief insert from slipping. Before the resulting concrete mass is filled into the **casting moulds**, these should be **greased**with a little household oil so that the cast concrete mould can then be easily loosened. Now place the **relief inlays** inside the casting moulds (the mirror-inverted relief now points upwards)

**Tip:** For personal messages you can **use** the concrete art liner. This is applied to the inner surface of the casting mould and dries out like a rubber within 2-3 hours. After the **casting mould** has been filled **with** concrete and hardened, the rubber-like latex compound is removed from the cavities and the concrete mould with a pointed object

Let the **concrete mass** dry for at least 24 hours. Finally, use a **napkin brush** to remove some **Napkin varnish** applied to the concrete trailers to seal them. This gives the trailers an additional special shine.

Finally, tie cotton cords to the finished tags at only and close the filled gift bags.

## Looking for more gift ideas?

Small lovingly self-made soaps are a great gift or even a souvenir for Christmas time. The**instruction 1536**explains step by step how you can pour Christmas soaps for your loved ones **in no time** and with little material. The soaps can then be packaged and presented in the lovingly designed gift bags.

## Must Have

## Concrete for creatives, 5 kg

Weight: 5 kg

**25,99 €** (1 kg = 5,20 €)
