Caravan miniature scene on a tray

Instructions No. 3656

Difficulty: Advanced

Working time: 6 Hours

Would you like to embellish your living space with a unique **DIY decoration or are you looking for the perfect gift**? Our detailed instructions for a **charming miniature caravan scene on a tray** will help you create a little masterpiece. This creative craft not only gives you the opportunity to show off your design skills, but also to create an individual eye-catcher that will delight both children and adults. Simply follow the steps below and experience the creative process with your own personal touch. Let's get started!

Create your own miniature caravan scene: a step-by-step guide

1. **Making a caravan**

Start by cutting a canopy for your caravan out of wooden sticks. Glue the wooden sticks together in the shape of a roof and allow the glue to dry completely. Then print out our template, cut it out and transfer it to gray cardboard. When cutting it out with the scalpel, ensure precision and safety. To create the front support, cut a small piece from the wooden sticks. Design your caravan by painting all the parts according to your ideas. Once dry, you can glue the different elements together. Mini bark slices are perfect for the wheels. Paint them and attach them securely to the caravan.

2. **Design a miniature garden barbecue**

For your miniature barbecue, use wooden spatulas and cut them into small cubes with a scalpel. These small cubes are dyed black to look like real barbecue charcoal. Once they are dry, you can place them in the barbecue to create an authentic mini garden barbecue.

3. **VBS Painting the miniature seating area**

Design the miniature seating area to suit your taste. A special tip: mix the paint with a little water to create a kind of glaze. This leaves the natural wood grain visible and gives the seating group an elegant look.

4. **Customize the grass mat**

Cut the grass mat so that it fits perfectly in your tray. If you want to make sure it doesn't slip, we recommend hot gluing the grass mat in place.

5. **Design a path**

Create a charming little path in front of your caravan by arranging mini bark slices. To keep them in place, you can also fix them with hot glue as required.

6. **Attach a fence**

Place a mini fence in the background of your scene. If the fence is too long, cut it to the desired length using a side cutter. Then glue the fence in place with hot glue to secure it.

7. **Arrange the bushes**

Add the finishing touches to your scene with small bushes by removing parts of the "Freddy" lichen pick and attaching them to your meadow with hot glue. Now arrange all the other elements so that they harmoniously round off your scene.

Extra tip: Your homemade caravan is not just a decoration - it is also perfect as an original gift wrapping, as it can be opened.

Now you're ready to create your own enchanting miniature scene! Visit our online store to easily find and order all the materials and tools you need. Start your creative project today and bring a piece of the miniature world into your home.

Must Have

VBS Wooden chip box "Oval"
