Cookie Cutter Candles

Instructions No. 2287

Difficulty: Beginner

Working time: 4 Hours

Create Christmas candles in the shape of snowflakes, moose heads and rocking horses. With common cookie cutters you can punch out any shape and use it as a candle. A great idea also as a small Christmas gift.

First melt organic wax in the melting pot. Dyeing granules can be added as desired.

Dip the wicks into the melted wax and place them in the round casting mould. A bamboo stick can be placed over the mould to prevent the wicks from falling over.

Pour the melted wax into the mould and allow the wax to harden. Now you can cut out the candles with the cookie cutters. If you like, you can leave the candle in the cutter or carefully press it out.

Tip: Excess wax can simply be melted again and then processed further.

Must Have

Organic plant based wax, 500 g

Weight: 500 g
Material: Wax

8,99 € (1 kg = 17,98 €)
