Crazy chicks in a pot

Instructions No. 1435

Difficulty: Advanced

Working time: 30 Minutes

Prepare a little Easter joy for yourself and your loved ones with this craft idea: The little cheeky Easter chicks do not look great only , they are above all homemade in a flash.

Frisk chicks

For the little yellow chicks simply Polystyrene-eggs are felted with fairy tale wool.

This is how to search on Polystyrene

To Felting you need wool fibres**and** a felting tool **.** Pluck off some yellow fairytale wool from wool fleece, spread it on the first surface of the **Polystyrene**-Ice and stick your felting needle or, with the help of the turbo felting machine, several felting needles into the covered area of Polystyrene-Ice . The hooks of the felting needle connect the wool fibres with the Polystyrene. Repeat this process until the entire egg is covered with yellow wool.

Make chicks

Cut from yellow **Felt** small wings, from red Felt a small comb, a mini bow and the beaks out. The feet are made of red **Chenille wire** made. All parts are glued with a hot glue gun together with **Wobbly eyes** glued to the chicks.

Place the chicks in small **Terracotta pots (possibly** also fix them with hot glue) and decorate the edge with the **Felt ribbon "lawn".**
