Crochet pattern: Colourful crocheted bicycle saddle

Instructions No. 651

So your bike becomes an unmistakable unique piece: The colourful saddle cover is crocheted Cotton yarn and is individually adapted to your saddle while working. With this instruction you will surely succeed in crocheting.

And so it goes:

For the basic form of the cover crochet 4 pentagons: crochet 8 ch to form a ring, crochet 15 tr in the ring. In the next round, 2 tr in 1 tr of the front round, 1 tr, 2 tr in 1 tr of the front round, 1 ch - repeat 4 more times. In the next two rows double again the first and last tr of the group and crochet 1 ch more between each group.
Now crochet 3 pentagons together with dc, placing them left on left. To get an even triangle crochet the outside in the gaps as follows: 1 km in the middle ch, 2 dc, 6 tr, 6-8 double tr, 6 tr, 2 dc and 1 km.
Then crochet tr in rounds around the triangle until the width fits the seat of your bicycle saddle. Then attach the fourth pentagon at the front and fill the spaces between the pentagons as described for the three pentagons. Then crochet again in rounds until the cover fits over your bicycle saddle.
For fixing crochet from two colours a long ch which-Chain, you then thread through the last tr wheel. Tip: One Safety pin makes the threading easier.
