Earrings made of modelling clay

Instructions No. 1963

Difficulty: Advanced

Working time: 1 hour

Who doesn't appreciate jewelry? Our **homemade jewellery** looks beautiful and there are many design options available to you. You can create exactly the shape you want and use the colors you prefer. The enchanting earrings are also a fantastic **gift** for your girlfriend, mother, sister or another loved one.

This is how you design the earrings:

Roll the **Modelling clay** at first as thin as you want your **jewellery to be later**. Now you can cut out shapes or cut out your own shapes with a knife. For the earrings, make a small hole in the top of your form. If you want to hang up tassels or similar, make a hole in the bottom of the form. Ear hole stud Press it into the still wet one so Modelling clay, that the tip of the plug still only sticks out. Now let your moulds dry for about 24 hours

After drying, you can **design** the surfaces in your desired handicraft colours and additionally apply **Leaf metal** decorate. To do this, you paint the desired areas and Gold leaf priming milk place the best thing Leaf metal. to do is

to remove the thin metal leaves with a brush and apply them to the place of the piece of jewellery

For our earrings we have **refined** the surface with cold glaze. To do this, scratch the surfaces with cold glaze slightly beforehand so that the resin does not run so easily. If it does run, it can be sanded off after the drying time. We have also coloured the cold glaze with a little tinting paint before we poured it over the jewellery. Stir the cold glaze according to the package instructions and pour it in the middle of the earrings. The glaze will run all the way to the edge by itself. But you can also use a brush to lightly touch up the glaze. After drying, a transparent, especially scratch and abrasion resistant surface is created, which has a unique depth effect and looks like enamel.

Finally, you can now attach the earrings, tassels, beads and decorations you want

You would like to sell or give away the jewellery**?** No problem! Simply cut out rectangles from cardboard and make two holes at the top where you can hang or put the earrings. With a Marker you can write a nice greeting using the handlettering technique.
