Enchanting Easter arrangements: step-by-step instructions for your individual spring highlight

Step 1: Create the basis

Start your creative project by carefully placing the natural brushwood wreath on a decorative zinc plate. The zinc plate serves as a stylish base and gives the whole arrangement stability and a rustic charm.

Step 2: Create the centrepiece

Use a cutter knife to cut a suitable piece of flower arrangement foam. The flower arrangement foam ensures that the flowers have a firm hold. Make sure that the cut foam fits well in the centre of the wreaths.

Step 3: Natural touch with moss

Apply a little hot glue to the flower arrangement foam and attach the decorative Iceland moss. This gives the arrangement a natural and lively touch.

Step 4: Additional charm with willow catkins

Now use hot glue to attach the fluffy willow catkin twigs around the outer edge of the wreaths. These give the arrangement an elegant structure and symbolise the start of spring.

Step 5: Spring flower mix

Choose a mix of spring flowers and plugs them into the wreaths. Make sure to distribute the flowers evenly to create a harmonious and appealing look.

Step 6: Add Easter accents

Finally, add some Easter charm to your arrangement with small bunny figurines and decorative Easter eggs. Glue these accents firmly to the moss and flowers with a little hot glue.

Now you have a beautiful Easter arrangement that will not only decorate your table, but also the hearts of your guests!
