

Easter bunny card with die-cut circles & ovals

Instructions No. 2990

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 45 Minutes

Would you like to make someone happy at Easter? Then our **card** with a **cute Easter bunny** is just the thing. It is made up of punched-out circles and ovals. The highlight is the velvet paper, which gives the bunny soft ears and a velvety tummy.

How to make a great Easter card:

Cut out the **velvet paper** of your choice in a format that is slightly smaller than your card and then stick it onto the folded card.

Then punch out **circles and ovals**. You will need large circles and ovals for the bunny made from coloured paper in the colour of your choice. The inside of the ears and the little tummy of our bunny are made from small circles and ovals made from self-adhesive velvet paper. You can simply peel off the film on the back and then stick on the velvet parts. Glue the bunny together and decorate it with the florets and bow. Finally, colour in the face with a fineliner.

Create the **tags** from white **cardboard** and the **VBS silicone stamps** (here "stay POSITIVE" and "be happy").
Now stick the bunny and the tags onto the card using 3D glue pads.
