Easter greetings

Instructions No. 3011

Difficulty: Beginner

Working time: 1 hour

These **mini Easter cards** are a lovely gift idea, to bring joy to a loved one. With our **templates** and wobbly eyes you can conjure up a cute bunny and a sweet chick on a folded card. Add a few personal lines and your Easter greetings are perfect.

This is how the cards are made:

First, take the A4 Paper and fold your card to the desired size to create a folded card.

Then glue on the eyes.

then transfer the **templates** to the desired **papers**, cut them out and stick everything on. Stick on the **wooden hearts** as cute noses and paint them. Now draw on eyebrows and, if necessary, a mouth and teeth.

For the small messages on the greetings cards, cut 1 cm wide strips from any folding card or Paper . Label them according to your personal taste. In our example, we opted for "Happy Easter" and "Woppy Easter". Stick them onto

the card with **3D glue pads** to create a great effect.
