Difficulty: Beginner

Working time: 3 Hours

Autumn is the perfect time of year to brighten up your home with warm, natural decorations. In these crafting instructions, we'll show you how to create an atmospheric **fall decoration** with cute forest animals, mini vases and autumnal elements. Simply follow the steps to create a beautiful autumnal scene that will transform your home into a feel-good oasis.

Start by painting the forest animals and some scatter decoration with craft paints to your liking. Let them dry well before you continue.

Then tie some cotton cord around the mini vases and hang a scatter piece on it. Tie the cord tightly.

Fill the mini vases with flower arrangement foam and then cover them with Iceland moss. **Tip:** The Iceland moss can easily be pushed into the glass with a bamboo skewer.

Then trim the picks with a side cutter and insert them into the vases.

Decorate the glass lantern with some ribbon. fill it with foliage and sprinkles and place a pillar candle inside. Now cover the oak rind board with autumn leaves to create a natural base for your decoration. Place the mini vases, the glass lantern and the painted woodland animals on the board. If necessary, fix them in place with hot glue to ensure they stand securely.
Finish off the decoration with Iceland moss and other natural elements such as the "forest parts" natural decoration.
