For Mother's Day: Card + Envelope

Instructions No. 329

For mothers, there is **nothing** better than something homemade for **Mother's Day**: with a lovingly made card and a personal, hand-written dedication, you are sure to give her a very special treat!

Envelope in Red

Transfer the smaller of the templates from the template set **to** red Craft cardboard sheet, Cut **out the envelope and** then glue it together. How to do this is described in detail in the instructions of the set.

You can now **glue** other cardboard strips or ribbons and lace onto the front and back of the envelope. Next, you can use the template to cut out **hearts in** different sizes, stick them on top of each other with 3D adhesive pads and then attach them to the envelope. Finally, decorate the Mother's Day envelope according to your personal taste.

Greeting card 12 x 12 cm

Cut a 12 x 24 cm card from embossed cardboard and fold it in half. Then glue a Paper strips and lace on the front.

In the next step, you transfer the hearts **from template sheet to** various papers and then cut them out. With 3D adhesive pads you can glue the hearts on top of each other and then stick them on the card

With small red gemstones and a small self-made **paper tag** made of embossed cardboard and red Craft cardboard sheet you have created a real piece of jewelry.

Loving heart cards always arrive!

Lovingly made heart cards do not arrive only to Mother's Day well! Other family members or your best friend will also be thrilled by personally made heart cards

So make one card more and give others joy!
