

# Gift box with winter landscape

Instructions No. 2692

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 1 hour

Would you like to wrap your gifts for Christmas in a particularly original way? Then these gift wrappings with winter landscape are just the thing. The packaging is quick and easy to make and will bring a smile to the face of the recipient at Christmas.

## Designing gift boxes

First paint the chipboard boxes with Chalky Color and then let the paint dry.

Now you can cut out a desired motif from the napkin and stick the top printed layer onto the box with napkin varnish.

After drying, stick double-sided adhesive tape around the edge of the lid and decorate the whole thing with ribbon.

Then stick the miniatures onto the lid with hot glue. Tip: If you wish, you can also decorate the winter scene with some decorative snow.

Would you like to learn how the napkin technique works? Take a look at our informative video on the subject.
