Gift Wrapping with Quilling Strips

Instructions No. 2583

Difficulty: Beginner

Working time: 1 hour

You don't have a talent for tying bows? Or you are looking for that something else special gift wrapping? This idea explains how you can easily decorate your gift boxes with fascinating woven patterns using just a few quilling strips.

Short instructions for making

- Prime the box as desired with the craft paint.
- Place as many Quilling strips as you like vertically next to each other on the work surface.
- To prevent them from slipping, you can fix the paper strips with some washi tape.
- Now weave in more Quilling strips.
- The outer strips can then be secured with some craft glue.

- Stick them on the boxes - done!

Decorate your gift tags in the same way. Have fun with gift giving!
