## Step-by-step instructions: Craft pearl stars

**Step 1: Start with the first ring**

**Cut the wire**: Take approx. 50 cm of wire and cut it to length.
**String the beads**: Thread 12 beads onto the wire and form a circle.
**Pull the wire through**: Thread one side of the wire through all the beads again, creating a short and a long wire end.
**Twist the ends together**: Pull the wire tight and twist the two wire ends together. Your first ring is now finished.

**Step 2: Create the second ring**

**Add two beads**: Thread two more beads onto the long end of the wire.
**Pull the wire through**: Pull the wire through the next but one pearl of the first ring - so you skip a pearl.
**Repeat**: Repeat this process - thread on two beads and pull through the next but one pearl - until the second ring is complete. You will now be able to see the six points of the star.

**Step 3: Shape the points of the star**

**Feed the wire through two rings**: Feed the wire through the pearl of the first and second ring.
**pearl for the tip**: Thread a new pearl for the tip.
**Feed the wire back**: Feed the wire back through the pearl of the second and first ring.
**Repeat**: Repeat this process for all six prongs of the star.
**Twist the ends**: Twist the wire ends together to complete the star.

**Step 4: The final touch**

**Fold** the **box**: Fold a small box for your beaded star.
**cord attach**: Tie a pretty cord around the box.
**Stamp the tags**: Stamp the tags and drag them onto the cord, followed by from pearl star. Use tweezers to make the work easier. **Tie a bow**: Finally, tie a pretty bow to perfect your Christmas pendant.

Your beautiful pearl star is finished! These homemade Christmas ornaments will make your presents or your tree shine in new splendor and are wonderful eye-catchers.
