Halloween Concrete Doorstop

Instructions No. 1528

Difficulty: Beginner

Working time: 25 Minutes

Are you looking for a creative **craft idea for Halloween?** These two **concrete doorstops** do not look only particularly scary, this Halloween decoration **is** also made in a few steps and is an absolute eye-catcher for your home.

First mix concrete in an old bucket according to the instructions on the packaging. Pour the concrete mixture into the moulds and allow to dry for at least 24 hours.

Carefully remove the door stoppers from the moulds and then spray them with green and **orange marabou spray**. Let the spray dry well as well. Paint on the face from pumpkin and Frankenstein with a **black Marker** and **accentuate** with a **white Marker** From **Foam sheets** the hair and foliage are cut out and fixed with **hot glue**

For the Frankenstein screws, cut 3 small circles per side and a larger circle from 3 mm thick **Foam sheets** and fix the screws with **hot glue on** the side of the doorstop.
