

Illuminated pyramid made of bamboo sticks

Instructions No. 2881

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 2 Hours

Create a beautiful **light pyramid** with just a few materials. The length of the **bamboo sticks** allows you to create pyramids of different sizes and decorate them with Christmas decorations and figures.

This is how the pyramid is built:

Glue four **wooden balls** to the base for baskets. Then paint with grey **craft paint**.

After the paint has dried, insert the **bamboo plugs** into the holes. Knot the bamboo skewers together at the top with a piece of cotton cord. Wrap the cotton cord around everything and fix it with handicraft glue from time to time.

When dry, wrap the **chain of lights** around the pyramid. Finally, glue some "Oakley" stars to the pyramid with handicraft glue.
