

# Kronleuchter aus Perlen und Drahtsternen

Instructions No. 441

1 x pin bead  
1 x 4 mm acrylic bead, iridescent

After the last Pearl one, bend the wire with the jewellery pliers to the side at right angles and roll it up to the eyelet

**Tip:** If the wire is no longer sufficient to bend an eyelet, simply bend the end at right angles.

First bend the wires upwards, then bend them downwards and at the wax drop sharply upwards again, so that the candles are vertical.

Thread the other decorations as desired on nylon thread or chain pins and insert.  
Thread in chiffon ribbon and stick on small bows.

**Our extra tip**

One package of pearls is sufficient for 3 chandelier basic shapes without further decoration.
