LED Tea Light Penguins

Instructions No. 2295

Difficulty: Beginner

Working time: 2 Hours

Who's that waddling through the wintertime? Those are the **cute penguins** that light up the way. You can easily make these fellows and they are a real eye-catcher with their **luminous nose**. In a flower arrangement, draped on the table or even hung in a Christmas bouquet or in the window - these penguins can be beautifully decorated.

This is how the cute penguins are made:

1. First draw the **penguin faces** on the **LED tea lights**. Markers are best for this.
2. Print out our **free template** and transfer it to the corresponding foam rubber. Then cut out the wings and feet.
3. Use hot glue to stick the feet, wings and face to the **fake fur ball**.
4. Would you like to hang up the penguins? No problem - just glue a ribbon to the back of the head.
