Magical fairy lights

Instructions No. 1613

Difficulty: Advanced

Working time: 30 Minutes

Treat yourself to little fairy lights for the garden or the terrace. The wind and tea lights are made with some decorative material and especially with fairy silhouettes.

Fairies silhouette

First download the motif template with the fairies and transfer the motifs to black Craft cardboard sheet, cut them out.

Extra tip: With the Silhouette Cameo 4, motifs like this one can be easily scanned into the device. The black Craft cardboard sheet is pushed into the plotter machine, the device cuts out the motifs perfectly by itself.

Satined preserving jars as lanterns

Dab the preserving jars with frost-Effect paint. After the paint has dried, the jars can be filled with some moss, the light chain or an LED tea light is inserted.

Decoration

With moss and mini-cones and a cord, lids and tealight glasses are now decorated according to personal taste. Finally, fill the small tealight glasses with light.
