Maritimer Türkranz

Instructions No. 1597

Difficulty: Beginner

Working time: 30 Minutes

A door wreath welcomes your guests at the front door. And you too can always enjoy it when you enter your home. With a **few simple steps** you can create a **maritime highlight at your door.**

Attach the **sailboat** with a Ribbon in the **middle of the wreath**. You can of course also use other trailers such as Starfish, anchor, seagull etc

Now **glue** the **shells** one by one and the cloth anchor and starfish to your wreath using a hot glue gun

Tip: First lay out all the shells and the other accessories on the wreath according to your wishes. This will give you the best chance to see which shells and accessories go together best or where the right place is for them.
