Miniature scene christmas bakery

Instructions No. 4153

Difficulty: Beginner

Working time: 40 Minutes

With this miniature gift set, you can create an enchanting bakery scene that brings a warm, festive atmosphere to your home during the Christmas and winter seasons. Small details like baked goods, a scale, and other accessories bring the diorama to life and invite you to take a closer look. The miniatures can be arranged in a decorative display case and look especially elegant under a decorative dome. Ideal for beginners who want quick results.

1) Arrange the miniature decorations

Take the base plate and arrange the miniatures however you like, or let our picture inspire you.

2) Secure

Once you’re happy with the result, you can secure the miniatures with the VBS handicraft glue. That way, nothing

will slip out of place.

3) Place the decorative dome on top

Once the glue is completely dry, you can carefully place the decorative dome on the base plate.

In no time at all, you've created a small, decorative miniature scene!

Now it's your turn: Browse the online shop for matching miniatures, decorative domes, and accessories to further expand your bakery scene or create a new miniature gift set for Christmas and winter.
