Mug with miniature Easter signpost

Instructions No. 3001

Difficulty: Beginner

Working time: 3 Hours

Looking for a lovely little small present for the Easter season? Why not create a little miniature world in a coffee mug? The many small details of this Easter signpost are sure to fascinate everyone.

Cut a small piece of dry foam and press it into the coffee cup. Cover it with slab moss, quietly over the edge of the coffee cup so that from flower arrangement foam nothing is visible. Fix the moss in place with some hot glue.

Paint the fence elements and the signpost with white handicraft paint . You can either use a ready-made miniature signpost or make your own from wooden sticks. As soon as everything is dry, label the signpost with a fineliners.

Now decorate the cup with the signpost, fence element and other small decorative accessories such as small Easter eggs, bunnies, flowers and other scattered items. You can easily fix everything in place with hot glue. The "Made with love" sprinkle and a tied bow on the handle of the mug give this decoration that "certain something".

Have fun decorating and giving as a gift!
