Natural Easter Decoration

Instructions No. 2166

Difficulty: Beginner

Working time: 4 Hours

This beautiful Easter decoration inspires with its natural look. With the coordinated colours of beige, white, green and brown, the decoration looks great on the windowsill as well as on the table.

1. Prime the papier-mâché eggs with craft paint in the colour ivory. Allow to dry.

2. Select one or more napkins, remove the unprinted layers and tear out the desired motifs from the printed layer.

3. Apply a layer of napkin varnish with a brush to the papier mache eggs, place the napkin pieces on the layer and apply napkin varnish again.

4. Mix some craft paint in beige with water to make a glaze and apply it to the wooden coils with a brush.

5. Once the glaze has dried, glue a piece of VBS Ramie tape around each spool.

6. Attach the "Flower" wooden buttons to the ramie with the sisal cord.

7. Paint the desired letters from the wooden letter assortment with craft paint in skin colour. Allow to dry.

8. Stick the Iceland moss onto the wooden spool and the papier-mâché egg on top. Finally, glue the painted letters to the eggs with hot glue.
