

Organizer-Box im Fabrik-Stil

Instructions No. 390

Difficulty: Advanced 🍴🍴🍴🍴

Working time: 45 Minutes

The so-called factory style stands out above all for its extremely clear forms and sober functionality. It has its origin in old industrial buildings. What could be better than to design a workplace in this style?

Small box - really big!

10 large compartments are hidden in the practical case, which can be folded out to a width of 87 cm. On the fronts with a blackboard, you can see what is where, so that you don't lose track of what's going on.

It's that simple:

Paint the box red and blue according to your own taste. After drying, paint the fronts of the individual compartments 2 - 3 times with Board paint . First prime the lid grey and paint it silver after drying.

Cut out the napkin motifs selected for the idea, remove the lower white layers of paper from Napkin and stick the printed layers onto the lid with Napkin varnish continuously.

Glue the Felt with Handicraft glue into the compartments. After drying, decorate the box with Masking Tape.

Use a sanding block to roughly sand over all edges to create artificial traces of use. Highlight these additionally by wiping over with stamping ink.
