Plotted Easter cards

Instructions No. 1916

Difficulty: Beginner

Working time: 1 hour

Homemade **cards** are still the most beautiful! With our instructions, we provide you with a **beautiful template for download**, which you can easily **plot** with the Silhouette **Cameo**. This ultra-modern **plotter** cuts the filigree motifs very precisely and makes cutting easier for you. Our bunny band is so ready to beautify cards, pendants and much more.

That's how it's done:

Download the DXF file for the cameo and set it to "cut" and "cardboard". Then place the **glitter paper** on the mat and start the plotting process. After plotting, carefully remove the designs from the mat using a picker.

If you do not have a plotter, you can of course download the templates as a pdf file and transfer them to your desired cardboard. Afterwards you can cut them out with a cutter knife

Stick the finished motifs onto the **cards and pendants**. With fineliners you can add sayings and decorate the cards and tags as you wish. Finished are beautiful Easter paper designs.
