

Pop Up Karte im Halloween-Design

Instructions No. 285

Behind the cheerful pumpkin hides a fancy Pop Up card. You can press them flat after sticking and painting and send them in a matching envelope. The surprise for the recipient is guaranteed to be huge.

It's that simple

stick Straw silk paper flat on the map with the glue stick, cut back protruding areas.

Fold all pre-stamped lines inwards to create adhesive areas.

Hook the rubber band into the hook on one side and stick the adhesive areas together with tape-Ribbon so that the rubber band is fixed.

Now glue all other adhesive surfaces with the exception of those with the second hook with tape-Ribbon .

Finally, hook the rubber band into the second hook and stick these adhesive surfaces together with tape-Ribbon , so that the rubber band is also fixed on this side.

Make a Stencil with the leaf motif from cardboard and transfer it several times to the Felt sheet .

Cut out the leaves, mark the leaf veins with the felt pen.

Cut the paper wire, cut small holes in the leaves and thread them on the wire.

Wrap the wire around a pin and pull it off.

Attach the finished vine through a hole in the card.

glue Wobbly eyes on and draw a face with a felt-tip pen.

lk paper , cut out at the
