Redesigning planters with edding in no time at all

Instructions No. 723

Simple pots and polystyrene balls can be turned into real eye-catchers in no time at all - simply colour them in with edding® Colour spray and then use an edding® pen to decorate them with your personal message!

Here's **how it works**

First, the plant pots and decorative balls are sprayed with the edding spray in the cloister at a distance of 15-25 cm. Then paint on the decorative patterns and lettering with our copy template

The lettering and patterns are transferred to the clay pots and decorative balls with the help of the carbon paper and a pencil. Finally, paint the motifs with the edding 4000 matt lacquer-Marker follow up.

And ready is the new plant friend!

Must Have

Terracotta pots, Inside-Ø 8 cm, 10 pcs.

Content: 10 pieces
Diameter (outside): 9.1 cm
Height: 8 cm
Material: Terracotta
