Rose balls

Instructions No. 172

These great **rose balls** are easily and quickly made with the **Décopatch technique**. The glued-on gems of the idea flash in the sunshine.

For the rose balls **you need white** plastic balls with a socket and a matching round rod, which later functions as Plugs and is inserted into the socket: The idea was made with one ball and round rod each in sizes Ø 15 cm, Ø 10 cm and Ø 8 cm.

Choose 3 harmoniously matching Décopatch papers **and tear** them into small snippets. All 3 balls are completely covered with the snippets using Décopatch lacquer and brush, whereby the individual pieces of paper overlap slightly so that the white of the balls does not flash through.
Important: the socket is not glued and remains white. Excess Paper on the "motif edge" towards the nozzle can be cut off with a scalpel.
After drying, the balls are sealed with a Protective varnish . As soon as this is dried, the gemstones are glued onto the ball with gemstone glue.

Paint the socket and round rods with silver, white or harmonious to the Paper matching Handicraft paint (for outdoor use outdoor paint). Finally, tieSatin ribbon and Organza ribbon around the sockets for decoration

Must Have

Décopatch paper pad "Decopad Pink"

Number of motifs: 12
Length: 14.5 cm
Width: 14.5 cm
Material: Paper

8,49 € (1 m2 = 8,41 €)
