school gift bag Unicorn

Instructions No. 3061

Difficulty: Beginner

Working time: 3 Hours

These instructions will show you how you can easily make a fantastic **unicorn school cone**. The **start of school** should be celebrated appropriately. With our free printable templates, you can easily make your own unicorn school cone. You're guaranteed to put a big smile on the new schoolchild's face.

This is how the unicorn-school gift bag is created:

First, print and cut out the **templates**.

Transfer templates A to E onto the photo card and cut out the motifs.

Transfer the templates F to I to the "**Paper-Mix Irisierend Crispy rainbow**" and cut them out.

Glue the individual parts together with **handicraft glue** together. Then glue the horn (template D) alternately with colorful strips of iridescent paper and cut it out again.

Then you can glue the mouth (template F), the ears (templates C+G) and the horn (template D) to the head (template A). Leave the glue to dry. draw the eyes, nostrils and mouth on the face using a black marker .

Now make small flowers from the **floral silk assortment**. To do this, cut the **silk paper** to 10 x 10 cm pieces. Lay 5 - 6 pieces of paper on top of each other. Fold them together like an accordion. Knot a piece of warp yarn. around the middle and pull the folds of the papers apart slightly. Then start to carefully pull the top Paper upwards. Repeat this with all the layers of paper. You now have a Paper-flower. You can get different sizes by shortening the Paper with scissors after folding.

Use the **hole punch** to make two holes in the unicorn's forehead. Pull the threads of the flower through and knot them on the back. Repeat this with the other flowers so that it looks like the unicorn is wearing a wreath of flowers.

Take two **pieces of paper** from the **straw silk paper** and glue them together at the edge to form a longer piece. Glue the straw silk paper to the top edge of the school cone from the inside. Leave the glue to dry.

Fold the **school cone blank** at the folded points and pin it together with the flaps. Secure these with handicraft glue.

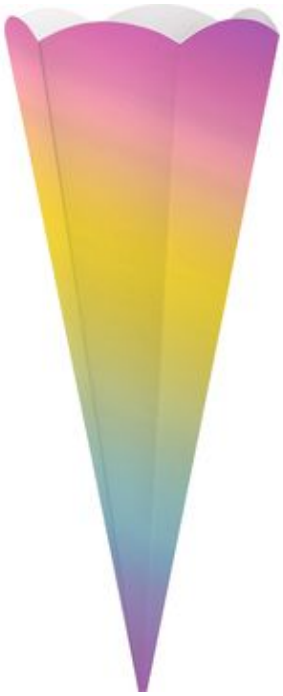

Glue the unicorn head to the school cone using handicraft glue . Label the "sign" (template E) and stick it onto the glittery sign border (template i). Glue the sign and the hooves to the school cone using handicraft glue as well.

Finally, fill the school cone with small gifts for your schoolchild. You can find inspiration for this **here**

Finally, tie the straw silk paper together with some satin ribbon so that the school cone is nicely closed.

You can find the matching invitation/thank you cards **here**.

Must Have

School gift bags cutout, rainbow
