

Serviettentechnik Anleitung - Magnettafel mit Eulen

Instructions No. 644

On this pretty memo board many owls sit together on a tree. The board is also Magnetic paint primed and the boards with Napkin the adhesive stickers keep your notes safely in place.

And so it goes

Prime the wooden boards white and glue the owl motifs on after drying. For this, cut out the motifs circularly and remove the two layers of white paper. Glue the printed layer Napkin varnish onto the boards. After drying, cover the boards from both sides with two more layers to Napkin varnish, give them a beautiful shine. On the backside fix one extra-strong magnet each with flash glue gel.

Remove them Cord from the blackboard and apply 2-3 layers Magnetic paint. It is important that you apply the paint crisscross and let the individual layers dry well, so that the metal particles can settle evenly on the entire surface. Then prime the board white and paint a sky and white Light blue on it. Then sketch a tree trunk with leaves with a pencil and design it with Finally Handicraft paint., use a fine brush to draw all the contours brown and apply a mixture of and Brown, Sun yellow some white shades and individual knotholes on the trunk.
