Sew Heart Bag

Instructions No. 2471

Difficulty: Beginner

Working time: 1 hour 30 Minutes

The **little bag** in the shape of a **heart** is a great companion and keeps little things like money and lipstick ready for you. Whether for yourself or as a gift to a loved one - the **heart-shaped bag** is an eye-catcher that is guaranteed to be envied.

How to sew the heart bag:

Transfer **template** A and B to the imitation leather and cut them out. It is best to cut the slit of template B with a scalpel.

Now join the **endless zipper** to the slit and place it under the slit. The slider is at the beginning.

As **imitation leather** sometimes sticks to the presser foot and does not feed well, we recommend placing a piece of

tissue paper on the leather. This can be removed after sewing. Now sew the zip close to the edge and remove the tissue paper. The protruding end of the zip can now be cut off.

Now place heart A and B on top of each other. Again, place the tissue paper between the leather and the presser foot. Sew together.

A beautiful little bag for small things is ready.
