Spring decoration in tray bowl

Instructions No. 2762

Difficulty: Beginner

Working time: 4 Hours

Still need a pretty spring decoration? This decorative bowl is filled with flower and bird wood plugs, which are designed in Pastel Poetry colors. Use this idea for DIY!

Glaze for the wooden tray

Mix some white craft paint with water to make a glaze and paint the tray with it. After drying, you can still work the tray with a fine sandpaper something and remove any protruding small wood fibers.

Pastel Poetry Color

First paint the individual elements of the VBS wood stick motif on bark discs "Birds and flowers" with pastel colors. With the Posca marker in white contours and small accents can be set on the flowers and on each bird.

The outside of the wooden tray can be easily embellished by applying colored dots around the tray with the flat side of the bamboo skewer. Coat the tray with clear varnish for added protection.

Arranging and decorating

First, glue or tie crochet tape around the outer edge of the wooden stick figure wooden disc and around a tea light glass.

Fill the tray with moss, place the two stick-on motifs and the tea light jar on the wooden tray. Finally, glue on small butterfly scatter pieces as accents - the new table decoration is ready.
