Tray with rabbit decoration

Instructions No. 3224

Difficulty: Beginner

Working time: 3 Hours

Spring brings new colors and joy into our homes. Why not take advantage of this positive energy and create a decorative tray bowl with cute bunnies for your living space? These step-by-step instructions will show you how to easily create an appealing spring decoration. The combination of soft pastel shades and natural materials creates a harmonious eye-catcher that will look great anywhere.

Start your creative project by painting the entire surface of the tray bowl in a delicate pastel-olive green. This calming color sets the perfect foundation for your spring decorations. Be sure to use even brush strokes to create a smooth and uniform layer. Allow the paint to dry thoroughly before moving on to the next step to avoid smudging.

After the base color has dried, add special accents to your tray. Use a POSCA marker, to accentuate the edges of the tray. The POSCA marker is a popular tool in crafting and art because it uses a water-based pigment ink that offers great coverage and durability. Draw even lines along the edges to give the bowl an elegant finish.

Now turn your attention to the bunny figures. Carefully paint the edges of the bunnies to emphasize details and give them character. The front of the bowl can also be decorated with creative patterns or motifs. These small, personal touches add personality and charm to your work.

Once the paint is completely dry, fill the bowl with wood wool. This natural material creates a cozy nest look and forms the perfect basis for placing the bunny figurines in an appealing way. Arrange the bunnies as you wish so that they take up their new home in the "nest".

To complete the picture, glue polystyrene eggs into the bowl. Use a hot glue gun to fix the eggs securely and durably in the wood wool . Be careful when handling the hot glue gun to avoid injury. These colorful eggs are a cheerful eye-catcher and round off the spring scene perfectly!

Must Have

VBS Bunny with LED nose, Hilda

Number of parts: 4
Batteries included
Length: 6.5 cm
Width: 2.2 cm
Height: 10.5 cm
Material: MDF wood, Plastic

4,35 €
