

# Türschild im Landhaus-Stil

Instructions No. 993

Turn this decorative frame into a beautiful door sign. With a material mix of fabric, Napkin and wood it gets its own charm. The fresh colours and romantic motifs of the flowers give the direction of the lettering. Let us take you along with this dreamlike signpost..

And it's that easy:

Cut strips of fabric to the size of the frame with the pinking scissors and glue them on with the Effect Glue. Cut the motifs from Napkin and glue the upper, printed layer with Napkin varnish to the edges of the frame. Print out the template of the lettering, cut it out and spray the back with spray adhesive. Now place the template on the frame surface and draw the contours with a pencil. remove Stencil again and paint it with the brush and the dark color. If you also draw over the edges with a brush, you will get the desired Shabby-Chic.
