Difficulty: Beginner

Working time: 3 Hours

These **cute Christmas children**, in traditional Christmas colors, are the ideal Christmas decoration for versatile decoration ideas.

Whether as gift tags, Christmas tree decorations or key rings, these little figures will put a smile on everyone's face.

You can create ten individual pendants with this set.

In addition to the materials included in the set, all you need are sharp scissors, hot glue, a sublimation pen, a fineliners and a needle.

How to make your Christmas children-decoration pendant:

Take the enclosed template and cut it out with scissors.

Place the template on the craft felt and outline it using either fineliners or the sublimation pen. **Tip:** The advantage of the sublimation pen is that the violet color liquid disappears by itself (after a certain time or with a little water) and leaves no traces.

You will need a total of ten stars.
Combine colors tone on tone or make your Christmas children colorful. Just the way you like them best.
Cut out the pre-drawn stars with sharp scissors.

Now take the wooden balls and use a fineliners to draw different faces on the wooden balls., whether winking, laughing or slumbering.

Switch on your hot glue gun and wait until it is hot.

Now put the Christmas children's hats on. To prevent them from slipping, you can fix them to the wooden ball with a

little hot glue.
You can also vary here. Roll up the hat further or glue the bobble to the side with a little hot glue.

For the suspension, cut a piece of from ribbon and pull it through the eyelet of the clip.
Double the ribbon and thread it through a needle.

Tip: If the ribbon is too thick for you, you can divide it.

Stitch the needle through the center of the felt star and then through the hole in the wooden ball. Pull out the needle and knot the ends of the ribbon.

We wish you lots of fun with your craft.
