VBS Craft kit "felt Sheep"

Instructions No. 2951

Difficulty: Beginner

Working time: 3 Hours

This **funny flock of sheep** is a real eye-catcher. The sheep are easy to make and can be used as edge stools or egg warmers. The flock is also great for making together with children.

It's so easy to make the sheep:

1. first transfer all the **motif templates** onto the **craft felt**. Use the grey for the faces and ears and the white for the body and hair. Do the same with the black craft felt for the black sheep in our flock.

2. **Our tip:** a sublimat pen is ideal for transferring the motifs onto the craft felt. The lines can then be wiped off with a little water for a clean result. Cut out all the pieces.

3. In the next step, roll the blank for the body overlapping into a bag to create the legs.

4. Now glue on the faces, eyes, ears and hair with hot glue. Now also glue on the little arms and feet from pompoms .

5. Now decorate your sheep with the colorful bows as desired. Your sheep are finished!
