VBS Creative Set „Snow Angel"

Instructions No. 2280

Difficulty: Beginner

Working time: 3 Hours

These heavenly snow angels are the perfect decoration for the Christmas and winter season. These snow angels are fun to make for young and old alike. Great crafting fun for the whole family!

It's quick and easy.

1. Paint the 50 mm wooden balls with white craft paint and let them dry.

2. Cut out the motif templates, transfer them to the coloured paper with a pencil and cut them to size.

3. First glue the large snowflakes onto the white balls, then the smaller snowflakes. Make sure that the holes in the balls point downwards or upwards. This way the angels can stand securely.

4. Place the 35 mm wooden balls in front of you with the holes facing up or down. Draw faces on the balls with a permanent marker. Tip: These can be pre-drawn with a pencil.

5. Stick the heads onto the bodies with hot glue.

6. Glue two feathers to the back.

7. Bend the chenille wire into a halo, shorten it and glue it into the hole of the small wooden ball.

Must Have

10% off VBS items

VBS Wooden balls drilled "Ø 50 mm", 5 pcs.

Content: 5 pieces
Diameter (outside): 50 mm
