VBS creative set "Egg warmer chick", 4 pieces

Instructions No. 1405

Difficulty: Beginner

Working time: 30 Minutes

These cute **chicks** will keep your breakfast eggs safely warm! Simply use the motif template and instructions to make your own handicraft felt! The Creative set is sufficient for 4 **egg warmers .**

This is how a chick egg warmer is made from Felt:

The **motif template** provides you with the shapes of all required Felt-parts to recreate the little chicks

First cut the rectangular shape for the body of **the egg warmer** from the yellow extra strong Felt. For the lid and base you need two circular shapes from the yellow Felt A small rectangle from yellow Felt gives the "lid handle". Glue the rectangular blank together at the narrow edges, next fix the bottom at the bottom of the egg warmer. Glue the lid handle to the second round shape.

Also for the **wings and for** the tail **yellow** Felt is used (large forms). Cut out the same parts in smaller forms additionally from red Felt . In addition, cut out the motif parts for the red comb and **beak for the** chicks.

Cut the motif part with the jagged shape from white Felt and glue it to the lower edge of the egg warmer. Now fix

wings, tail and beak, small Wobbly eyes complete the chick's face. Finally, the red Felt-comb is **glued** into the egg warmer.
