The winning idea "**Christmas mug with a freehand modelled Christmas turtle made from FIMO**" was submitted by Julia. She shows us how to creatively design a beautiful mug with a cute Christmas motif.

How to design mugs with FIMO:

Start by modelling your desired motif on a cup using **FIMO**. Then harden your motif in the oven according to the manufacturer's instructions. Leave your modelled shape to cool.

Now you can fix it to the cup with a **two-component adhesive**.

You have a great **Christmas decoration** and an excellent gift for your loved ones. There are no limits to your

creativity - whether it's a turtle, another animal or classic Christmas symbols such as a bell etc. - the mug will be a real eye-catcher.
