Winter lights light arch with napkin technique

Instructions No. 2859

Difficulty: Beginner

Working time: 3 Hours

What would **Christmas** be without beautiful decorations with light? With our **light arch** you can create an individual work of art. By choosing the **napkin** and the selected miniatures, you can give the light arch your personal touch.

How to design the light arch:

Den **light arch** with white **handicraft paint** and leave to dry. Tear out or cut out the **napkin** tear out or cut out the desired motif and glue the top, printed layer to the back wall with **napkin varnish** onto the back wall. To do this, first apply the napkin varnish to the desired area, place the motif on top and then apply the napkin varnish from the center of the motif to the edge. Leave to dry. Dab the transitions with white and sea green handicraft paint or paint the background further .

Insert the lights of the **chain of light** from the back through the holes and fix in place with a little hot glue. Place the **fir trees** and deer on the light arch with hot glue. Decorate the edges of the light arch with the **VBS decorative snow liner**.
