Instructions No. 782

In this large felt basket there is plenty of room for your wool supplies. The sewn-on bag with the appliquéd living scene and the wooden buttons go perfectly with it.

And this is how it works:

Transfer the individual parts of the applications to the fabrics with the Strich-Ex-Stift from template sheet and cut them out.

Cut the pieces Felt sheet to 16 x 25 cm, place the different cuttings on top of each other for a trial period to ensure the optimal Position then stick them on with Handicraft glue the adhesive.

After drying, Embroidery twist divide and embroider decorative seams around the individual elements. In this way the edges are securely fixed at the same time.

Embroider along the upper edge of the Felt sheet even loop stitches, then sew the ones below Felt sheet the handle onto the felt basket with loop stitches.

Important: Leave the upper edge open, as this Application also serves as a pocket.

Sew on natural buttons at the corners.

Embroider loop stitches around the edge and handle of the felt basket and sew on wooden buttons
